

# NOTICE 2020

PLM Lake and Land Management Corp  
 10785 Bennett Dr, Morrice, MI 48857  
 (800) 382-4434(o) (517) 913-6233(f)  
 www.plmcorp.net

Stonewater Lakes has been scheduled for the **week** of:

Date	Description	Date	Description
4/27/2020	Weed & Algae Treatment	7/13/2020	Weed & Algae Treatment
5/18/2020	Weed & Algae Treatment	8/3/2020	Weed & Algae Treatment
6/1/2020	Weed & Algae Treatment	8/24/2020	Weed & Algae Treatment
6/29/2020	Weed & Algae Treatment	9/7/2020	Weed & Algae Treatment

EGLE permitting restrictions, national holidays, and/or weather conditions may influence the timing of treatments throughout the 2020 season. PLM treats each lake according to a schedule or season plan, established with the cooperation of your lake association, lake board or residents on the lake. The treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5x11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environment, Great Lakes and Energy (EGLE) procedures. Below is a list of herbicides that **may** be applied to the lake and the associated use restrictions. On the day of treatment, signs will be posted along the shoreline within 100 feet of treatment areas that indicate what products were used and specific water use restrictions that apply:

Chemical product/active ingredient	Chemical trade name	Do Not Use this water for swimming or bathing until	Do Not Use this water for ornamentals or turf irrigation until	Do Not Use this water for domestic purposes or agriculture irrigation until	Do Not Use this water for livestock watering or similar purposes until

N/A= Not Applicable INDEF= Indefinite

\*Site-Specific recommendations to limit ornamental irrigation with ProcellaCOR, Renovate & Sculpin granular treated water will typically last 2-14 days. Contact PLM for further information.

The chemicals used for Aquatic Nuisance Control are registered by the U.S. Environmental Protection Agency and the Department of Environment, Great Lakes and Energy. The potential for damage to fish and other non-target organisms is minimal provided that the product is used as directed on the product label and the permit. To minimize the possible effects on health and the environment, the treated water is restricted for the above purposes.
